[Portfolio](#) | [LinkedIn](#) | [Behance](#)

Professional Summary

Product and brand designer bridging visual storytelling and product thinking. Experienced in building scalable solutions including AI powered tools and end to end digital experiences that improve efficiency and drive impact. Combines strong brand sensibility with UX and systems thinking to create cohesive, user centered products.

Work Experience

MARKIVIS, Delhi

Senior Visualiser, December 2024 - present

- Spearheaded the marketing, brand and web design of the agency
- Led the 5+ UX and web design projects across multiple industries including IT, IT Services, Financial services and more
- Headed and executed comprehensive design projects for clients like Tata Communications, Apexon, Bajaj Finserv, Kotak, InCorp, Slimstock, and more
- Oversaw creative execution for a team of 4 while managing client communication, ensuring smooth workflows and timely delivery.
- Build and maintained design systems, workflows, GenAI systems and internal apps for the agency

IMAI, Kochi

Founding Designer- Branding & Creative Direction, Aug 2023 - November 2024.

- Built and executed brand and product strategies to position and differentiate multiple brands, driving increased recognition and awareness
- Partnered with startups, SMBs, and enterprises to shape creative vision and deliver high-impact brand, product, and marketing outcomes
- Applied customer experience and service design thinking to elevate brand experiences while managing parallel projects with consistent quality and on-time delivery
- Led and managed a cross-functional team of 5, handling multiple branding, content, and production projects simultaneously
- Directed brand strategy, creative direction, and art direction across product, advertising, marketing, and video production initiatives

MYOPERATOR, Noida (Remote)

Senior Designer (Branding & Marketing), Feb 2022 - Sep 2023.

- Redefined and evolved the design language for MyOperator and Heyo Phone, shaping future-ready visual systems across color, typography, and social media
- Designed and led the development of an internal AI chat module, improving access to company knowledge and reducing dependency on long-form documentation
- Led digital art direction and design teams, recruiting designers and motion artists while building a strong, unified design culture
- Owned and maintained brand identity systems, including brand documentation, style guides, and consistent execution across marketing and product touchpoints

- Drove high-impact creative initiatives, including marketing collaterals and a branded comic series that increased social media engagement by 30%
